RE: Materials re-submitted for Application #10/032,438

Enclosed with this letter are 4 items:

1) a copy of the letter "Notice to Comply....Sequence Disclosures" pertinent to the above-referenced application.

2-4) 3 identical CD copies of a 12 kilobyte text file named "Hurley Zn-16.prj" with nucleotide and amino acid sequences authored with the program PatentIn 3.2.

The date given on the diskettes is 06/26/03, the date they were created. The file is identical to that submitted with the application dated 12/21/2001. Any delay in meeting the requested dates for resubmission are due to problems encountered in installing and meeting verification requirements for the ePAVE 5.1 program. This was attempted but was never successful as the program would never read the file as an attachment.

A stamped self-addressed postcard is enclosed for verification of receipt of these items. If there are any further questions, please contact me at your convenience.

Sincerely,

David L. Hurley
